www.bosch-career.pl

Let's be remarkable.

Start something big today. Apply now for position:

Paid internship – Application support analyst

Location: Łopuszańska 95, 02-220 Warszawa, Poland

Do you want beneficial technologies being shaped by your ideas? Whether in the areas of mobility solutions, consumer goods, industrial technology or energy and building technology - with us you will have the chance to improve quality of life all across the globe. Welcome to Bosch.

Whether in areas of automated mobility, Internet of Things, Smart Home solutions with innovative ideas we keep setting new standards to create integrated future. This is only possible with the help of a global network for more than 410,000 highly committed employees, with pioneers who break new technological ground every day. So why not join us in starting something remarkable?

Your contribution to something big:

- ▶ LoContribute to the digital transition at Bosch by further enhancing Product Information Management (PIM) systems
- ▶ Interact with IT product managers to provide assistance for continuous improvement of PIM solutions
- ▶ Perform application monitoring to ensure high availability and performance
- ▶ Support the key users by importing data model changes and partly structured data into the PIM applications
- ▶ Identify root-causes of issues that are reported in our IT service management tool
- ▶ Implement and test PIM application enhancements
- ▶ Support end-user acceptance testing in IT projects

What distinguishes you:

- ▶ Student status (min. 3rd year) in preferably computer science or IT-related field
- ▶ Ability to learn quickly, natural curiosity and a willingness to figure things out
- ▶ Good organization skills and the ability to handle multiple tasks
- ▶ Interest in product data and digital content management
- ▶ Advanced English language skills (B2/C1)
- ▶ Availability of 30 - 40 hours per week
- ▶ Basic Linux or Java or ElasticSearch skills would be considered an advantage

Benefits:

- ▶ Paid internship based on a civil contract (min. 6 months)
- ▶ Flexible working hours, we will adjust to your student's plan
- ▶ Develop a strong awareness of (digital) marketing and sales processes
- ▶ Get hands-on experience in Linux, Java and ElasticSearch
- ▶ Gain practical knowledge of ITIL processes
- ▶ Get a better understanding of (Agile) IT projects
- ▶ Lunch at our canteen (reimbursement)
- ▶ Access to training materials and knowledge library
- ▶ Development in an international company
